

CERDA INDUSTRIES, INC.

TECHNICAL DATA SHEET

Number 062011

SUBJECT: Using Trench Shield Panels as End Panels

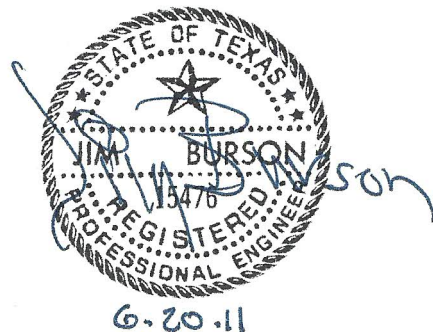

COMMENTARY:

A Trench Shield Panel may be used as an End Panel provided the following requirements are met:

- 1...The End Panel shall be certified to support the soil pressure for the depth and the span in which the End Panel is used.
- 2... The End Panel shall be longer than the out to out width of the Trench Shield and the End Panel shall completely cover the ends of the Trench Shield panels.
- 3...The End Panel shall be securely held against the Trench Shield by soil backfill or other means.
- 4...All requirements of the Manufacturer's Tabulate Data shall be met.
